

St Philip's Christian College Dynamic Learning Behaviour Management (Discipline) Policy

DOCUMENT INFORMATION

Dynamic Learning College policies are written in accordance with the requirements set out in Section 47 of the Education Act 1990 and NESA requirements for school registration.

Throughout this document, parents include a guardian and every person who has parental responsibility for the child, including parental responsibility under the Family Law Act 1975 and any person with whom a child normally or regularly resides.

The student behaviour management guidelines and procedures apply to the behaviour of students at school, on the way to and from school and while away from the school site on school endorsed activities. They can also apply outside of school hours and off school premises where there is a clear and close connection between the school and the conduct of students. This includes the use by a student of social networking sites, mobile phones and/or other technology to threaten, bully or harass another student or a staff member for school related issues.

1	General Statement	2
2	Aim	3
3	Rationale	3
4	Context	3
5	Procedural Fairness	4
6	Appeals	4

1. GENERAL STATEMENT

"Love one another just as I have loved you." (John 13:34)

Dynamic Learning College aspires to demonstrate the love of God and be a place where the values of Jesus Christ permeate the life of our school community. Pastoral care and discipline at St Philip's Christian College Dynamic Learning, encompasses all that we are and all that we do.

All students have the right to be treated fairly and with dignity in an environment that is free from disruption, intimidation, harassment and discrimination. To achieve this, St Philip's Christian College Dynamic Learning will uphold and maintain high standards of discipline.

When parents enrol their child at St Philip's Christian College Dynamic Learning, they enter a partnership with the school. This partnership is based on a shared commitment to provide opportunities for students to take responsibility for their actions. Collaboration between staff, students and parents is important. This policy is based on the expectation that students, parents and staff work together in an environment of mutual trust and respect. Parents are expected to support the school in the implementation of the College Behaviour Management (Discipline) Policy.

In implementing the Behaviour Management (Discipline) Policy and Procedures, the Principal, and/or delegate(s), take into account the student's age, individual needs, developmental level and any disability. The Principal, and/or delegate(s), also consider the safety, wellbeing and welfare of the student, staff and other students in the class and school.

2. AIM

The Behaviour Management (Discipline) Policy aims to ensure that we provide a safe, secure and happy learning environment where all students feel valued and supported. Our aim is to work in partnership with parents and students to develop responsible young people who feel equipped to make informed decisions.

3. RATIONALE

Every student has a right to feel safe and secure and learn to the best of their ability. Inappropriate behaviour should not interfere with teaching and learning. Students must understand the consequences of their actions to help them make positive behaviour decisions. Matthew 22:39 encourages us to put the needs of others before our own, to make wise decisions, accept responsibility for our actions and their consequences and to demonstrate repentance through attitude and action. Behaviour management at St Philip's Christian College Dynamic Learning provides the opportunity for restoration. While poor behaviour choice must be dealt with, the focus is on developing acceptable behaviour in the future.

Implicit in this document is the premise that teachers have a responsibility for strengthening relationships in the school community; assisting students to resolve their difficulties; repairing relationships between students and with themselves, and re-entering students into the classroom. Parents are partners in this process and will be advised of any behaviours of concern and be involved in the process to address them.

4. CONTEXT

1. Students are required to follow the College rules and comply with the directions of teachers, Learning and Wellbeing Assistants and other people with authority delegated by the College.
2. Students are expected to show respect to teachers, other students, other staff and school visitors and not engage in any form of harassment, intimidation or victimisation.
3. Where a student disregards rules, disobeys instructions or otherwise engages in conduct which causes or may cause harm, inconvenience or embarrassment to the school, staff members or other students, the student(s) may be subject to disciplinary action.
4. The student will be made aware of their inappropriate behaviour, and it will be clearly explained why they are receiving a consequence.
5. The disciplinary procedures undertaken by the school vary according to the seriousness of the alleged offence. Where the allegation, if proved, may result in suspension or expulsion, the student and parents will be informed of the allegations and procedural steps to be followed in dealing with the matter. In relation to all matters to be investigated, students will be informed of the nature of the allegation and given an opportunity to respond.
6. The penalties imposed vary according to the behaviour and the prior record of the student. At the lower end of the scale, a redirection or reflection may be appropriate. At the upper end of the scale the behaviour could result in suspension or expulsion.
7. The school prohibits the use of corporal punishment in disciplining students. The school does not explicitly or implicitly sanction the administering of corporal punishment by non-school persons, including parents, to enforce school discipline.
8. Where the offending behaviour is of such a nature that it may result in suspension or expulsion, the student and their parent will be:
 - a. Informed of the alleged infringement
 - b. Informed that the matter will be/has been referred to the Principal
 - c. Informed of the procedures to be followed which will include an opportunity to have a parent or guardian present when responding to the allegations
 - d. Afforded a right of review and appeal.
9. Where the offending behaviour is of such a nature that it may result in expulsion, the Head of Campus will reach a decision in relation to the allegation and recommend the penalty to be imposed to the Principal. The parents will be informed of the finding and recommendation and may make representations to the Head of Campus in respect of the finding and recommendation. The Principal then makes a final decision.

5. PROCEDURAL FAIRNESS

Updated February 2024

St Philip's Christian College Dynamic Learning is responsible for determining incidents that may require disciplinary action and the nature of any penalties that may apply. The process leading to the imposition of such penalties is done with procedural fairness. This includes making available to students and their parents a copy of the policy and outlining the procedures under which the disciplinary action was taken. It also includes providing details of an allegation relating to a specific matter or incident. Student and staff confidentiality must be maintained.

To assist in maintaining procedural fairness;

- Information will be collected, where appropriate, from other students, teachers and relevant witnesses, using non-leading questions, and with no assumptions of guilt.
- The Head of Campus will conduct an initial formal interview with the student, to gather all relevant information. The student will be provided with the specific allegation/s and any other information that will be taken into account in considering the matter. A parent may be invited to attend this interview, depending on the perceived gravity of the allegation. A parent may invite a support person/observer to this interview.
- The student will be given the opportunity to respond to the allegations.
- The student will be told the process that will be followed.
- Incidents that may result in an out-of-school suspension or expulsion are presented to The Principal. Staff involved in the investigation process will present details of the findings, matters will be discussed, and further action will be determined.
- In cases where expulsion may be contemplated, there may be opportunity for a second formal interview to occur, to which the parent and other appropriate support personnel will be invited, to provide the opportunity for a complete and considered response to the allegations.

6. APPEALS

The student or parents may request a review of a decision to impose a long suspension or to expel a student if they consider that correct procedures have not been followed or that an unfair decision has been made.

Appeals must be made in writing stating the grounds on which the appeal is being made. The appeal must be addressed to the College Board of Governors and lodged with the Principal, who will forward it to the Chairman of the Board of Governors. The Chair will convene a meeting of a Board sub-committee which will review the procedures followed and the grounds on which the decision was made. The outcome of the review and the reasons for the decision will be given in writing to the parents.
