ACADEMIC SCHOLARSHIPS 2024

Academic Scholarships at St Philip's Christian College are awarded each year to a number of students entering Year 7, Year 9 and Year 11.

These Scholarships are awarded to students considered to have exceptional academic potential, who will benefit substantially by attending the School, and who in turn will make a significant contribution to the academic life of the School. The number of Academic Scholarships and the reduction of fees offered will vary each year and the College will not necessarily offer scholarships in each category or to each year group. All scholarships are awarded at the discretion of the College Leadership Team.
